[Requirements]:

1. You must have 10+ alts with 5m+ each on them, if you do not meet this requirement, you can buy cheap alts from Here for only $2 each, and they have 10M on them already.

2. You must be able to use these alts consecutively meaning at one time, if you cant it creates inefficiency which we do not want if you have a bad computer and want to be able to use them consecutively but your computer cannot handle that, here's to guides to tell you how to save pc power: Guide 1 Guide 2

3. You must have a executor and general experience with exploiting in roblox, because dropping requires exploits such as alt controls, crashing scripts, and etc

4. You must be in our roblox group, this is in order for us to pay you your robux from sales, our group is here

[Info]:

1. Sellers will be paid 40% of each sale currently the price of 1M DHC is priced at, 50 robux, so you would get 10 robux a/t every sale since your in the group, this is a lot more compared to other servers since we pay from group payouts, if the sale is a boost/fiat sale, your robux will come from our profites so you will still be receiving 10 robux per mil even if the sale wasnt robux.

2. We provide a private server, and if needed we can whitelist your alts to it, (sometimes this is needed if people can't figure out how to get client id)

3. This isn't a requirement but its just helpful, you should have a alt control panel as well as a alt control script (which the second one is a requirement), you can find one free to use, here

4. You will not be able to close tickets, only reply to them and change their names, to complete etc, this makes sure I can verify it was a successful sale, and add it to the droppers sold balance (this is what later is turned into robux)

5. You will have access to a channel called #sales , this channel will show each gamepass sale from the group so if they are paying in robux you can verify they actually bought it, if they buy in fiat it will be verified by me, once they buy rename there ticket to the amount they bought/what's left to drop/complete etc

[Rules]:

1. Don't advertise what so ever
2. No racial slurs
3. Use common sense
4. All sales must be posted in #proof channel !!!!
5. You should advise all sales to vouch you/the server in general in vouches channel
6. We can ban you for any reason we feel necessary
